

# Flexabed Value-Flex

The Value-Flex is our most affordable adjustable bed. This entry-level adjustable bed is perfect for those living on a restricted income.

Forget the caffeine. Instead, wake up naturally from a deep, restful sleep. No sore muscles. No lingering sleepiness. Just the pleasure of being alert and ready to take on the day.

With the energy that comes from a great night's sleep, the day is yours. Play a round of golf or ride around on your bike — maybe even take a leisurely stroll around the block. Do whatever you like.

Because every Flexabed is hand-crafted using the highest-quality materials available, it supports the mattress — and you — perfectly. If you've been dreaming about discovering this kind of comfort in a bed, consider the Value-Flex adjustable bed.

**You'll be amazed at how energized you feel all day.**

## *Every Value-Flex comes with*

- a five-year limited warranty.
- one-touch wired remote.
- whisper quiet motor technology.
- a 2 inch foundation profile, high-density, heavy duty padded base made with Advantech® material that will not warp, break or squeak.
- an innerspring mattress in your choice of soft, medium or firm construction.
- locking casters or leg pads.
- the ability to attach to existing headboards.
- The Value-Flex is available in several different standard sizes and lengths. See page 9 for a complete listing of specific bed dimensions and heights of the bed.

**SOFT AND SUPPORTIVE**

# Select Your Mattress

Our complete lineup of mattress constructions feature a beautiful knit fabric quilt panel with a designer border and taped edges. The plush, multi-layered, quilted cushion-tops are made with hi-density, super-soft polyurethane foam and flame-resistant polyester fiber, while the bottom layers are protected by a non-skid material that prevents the mattress from sliding across the adjustable foundation and provides a flame-resistant barrier. Our gel-foam mattresses feature smooth-top zipper covers to keep you as close to the cooling gel as possible. Our mattresses are thicker and more luxurious than ever before.

Premier and Hi-Low SL foundations can be paired with any of our mattress constructions listed below. Value-Flex foundations are available only in a soft, medium or firm innerspring construction.

## Select Your Preferred Mattress Type

### Innerspring

Our traditional innerspring mattresses are available in soft, medium and firm.

### Innerspring/Memory Foam Combination\*

We combine the traditional support of innerspring with the luxury of memory foam.

### Memory Foam Core\*

"Melt" into a memory foam mattress with 2 inches of gel-infused memory foam that cradles every curve and pressure point on your body.

### Gel Memory Foam\*

3 inches of smooth-top, gel-infused memory foam creates a cooler sleeping surface for a refreshing, rejuvenating sleep.

### Latex\*

Our natural latex provides the soft feel and dynamic support of a luxurious, custom-molded mattress.

### Low Profile\*

Our low profile mattress reduces overall bed height by approximately 5 inches.

\* Only available with Premier and Hi-Low SL models.

## ACCESSORIES

# Customize Your Bed

---

*We make every bed by hand in our LaFayette, Georgia factory.*

So not only do you get excellent craftsmanship, you have a partner who can add just the right accessory or specification to satisfy your request. Some customers prefer their Flexabed a little higher off the floor. Others ask for an easier way to change the sheets. Whatever your needs or requests, Flexabed can most likely accommodate them.

### Side Rails

Side rails provide added security while you sleep. They fold away when not in use.

Each bed can accommodate up to four side rails (2 at the head and 2 at the foot for complete bed coverage). The Premier must be ordered with a 2 inch foundation profile to be used with side rails.

### Side Rail Covers

These cushion the rails and feature a large pocket for conveniently storing your bed controller, eyeglasses, magazines, and more.

### Leg Extensions

To set a custom bed height that matches the height of your existing bedroom furniture, leg extensions can be added to adjust the top of the mattress from the floor. The height of the bed can be raised in 1 inch increments from 2 to 7 inches. Leg extensions can not be used on the Hi-Low SL model.

### Lower Bed Heights

When needed, you can lower the height of any Flexabed model 2.25 inches by removing the casters.

### Massage

Add dual-speed vibration to your Flexabed for a soothing effect to help when you have a muscle tension or need assistance relaxing to fall asleep.

### Lighting

Under-bed lighting illuminates the floor space around your Flexabed so you can see any obstructions blocking a path to the bathroom in a darkened bedroom.

### Notes About Hi-Low SL Bed Heights

Continued from Page 7.

1. A caster adds 2.25" of height over a leg pad.
2. All mattresses are subject to a tolerance of +/- 1/4".
3. All mattress measurements are measured to the crest. If measuring to the tape edge, reduce the measurement by 1".
4. Hi-Low SL beds raise vertically 7.5" and also travel horizontally 7.5" towards the foot-end of the bed.
5. The head section of the bed lifts to angle of 73°.
6. The foot section of the bed lifts to an angle of 40°.

**FIND YOUR FIT**

# Model Comparison

***Flexabed sets the standard for comfort, convenience and custom features in an adjustable bed. Every bed we make is backed by an industry-leading warranty so Flexabed owners will enjoy years of comfort and better sleep.***

Regardless of the model, every Flexabed is hand built in the USA by expert craftsmen to your size and height specifications using the same principles of care and consideration that we have built our reputation on since 1969.
